

*National  
Headquarters*

*Midwest Division National Vice Commandant*

*Department Commandant*

You **REALLY** do not want issues going beyond this level and they should NEVER be sent to this level without utilizing the Chain of Command

*Regional (District) Vice-Commandant*

*Detachment  
Commandant*

The Regional Vice Commandant is the buffer between the Detachments and Department. If possible resolve issues within the detachment, utilize your regional vice if necessary. **Always** keep your regional vice informed.
